Dear Jinwoong,

Congratulations on your acceptance into the prestigious Computer Science - Online Masters program at Georgia Tech. We are pleased to offer you admission for the Fall 2026 semester on the Online campus.

Admission to this program is highly selective and your qualifications and achievements have set you apart from the other applicants. We are confident that you will not only excel academically but also thrive within our dynamic community.

At Georgia Tech, you will become a part of a diverse and inclusive student body where each member provides a unique perspective to our collaborative ecosystem. Tech has proudly led the way in research and innovation for over 135 years, and we believe that your contributions here will be a catalyst for positive change. The Georgia Tech Online Campus is offered 100% asynchronously and provides flexibility to over 15,000 working professionals worldwide.

Please indicate your enrollment intentions by completing the *Reply to Offer of Admission* form in your [Applicant Experience Portal](#).

If you have any questions related to financial assistance, orientation, or academic courses [contact your admitting program](#).

Once again, congratulations on your remarkable achievement. We are committed to your success and look forward to welcoming you to the Georgia Tech graduate community. Please refer to the second page of this letter for the terms and conditions of your admission.

Sincerely,

Dr. Martin H. Davis, Jr.
OMSCS Director of Admissions
College of Computing, Georgia Institute of Technology

Dear Jinwoong,

Congratulations from the Office of Graduate Education!

We are pleased that Georgia Tech's Computer Science - Online Masters program has made you a contingent offer of admission for the Fall 2026 semester.

Before you can enroll as a graduate student, our office must thoroughly verify and evaluate your academic credentials and ensure compliance with Institute policies. It is likely you have already submitted all the necessary documents for this process. However, if we determine that further information is needed, we will contact you.

During this process, the graduate admissions team will:

- Evaluate your post-secondary academic credentials to ensure they meet [U.S. accreditation](#) or international degree equivalency requirements
- Confirm satisfaction of the [Institute's English proficiency requirement](#)
- Verify compliance with the University System of Georgia's [Lawful Presence policy](#) if you reside in the United States

After completing our verification and evaluation process, you will receive a notification via email to check your portal. This may take several weeks from the date you received this admission decision.

Please note that Georgia Tech reserves the right to rescind this offer of admission if there is a significant decline in your academic performance, any serious disciplinary or criminal history issues, or if your application is found ineligible during verification.

Best Wishes,

A handwritten signature in black ink that reads 'Joy O. Olabisi'. The signature is written in a cursive, flowing style.

Dr. Joy Olabisi
Assistant Vice Provost for Graduate Education
Executive Director of Graduate Admissions
